Electric Vehicle Charging User Guide

1) Download App

- Download the PodPoint Open Charge App on iOS/Android.
- Setup a new user account, taking note of the e-mail address used.

2) Pre-register

- Contact the TravelHub to be added to the EV driver whitelist: **travelhub@sci-techdaresbury.com**.
- Please provide your first name, last name & e-mail address used for your PodPoint account (step 1).
- Once you have received the invitation e-mail from PodPoint, you can begin to use the charge point.

3) Start Charge

- Plug-in cable to car and Pod Point door.
- Charging will start immediately, indicated by a solid green light.
- Confirm your charge via the Pod Point app, by selecting the correct point and door.
- Charge will stop if not confirmed within 15 minutes.
- The charging cable will be locked into the door when charging starts.

Problems & Further Information

A red light flashing indicates a fault has occurred. If there is a fault with the charge points please inform the reception staff and contact Pod Point Customer Services:

Telephone: **020 7247 4114**
E-mail: **support@pod-point.com**
Web: **pod-point.com**

For general queries about registering to use the charge points please contact the TravelHub:

E-mail: **travelhub@sci-techdaresbury.com**
